Shoot Title:	Performance	
Date of Meeting:	9th November	
Date of Shoot:	11th November	
Location(s) and times of Shoots:	Black and white photography studios within school 3:30 -5:30pm	
Outline of performance	<p>In our performance, we just want our two performers to sing, the female in the black studio and the male in the white studio.</p> <p>We plan to shoot them performing it several times from various angles, sticking to the sides we filmed for the narrative, so Katie's left and Zak's right.</p> <p>We also plan to use directional lighting, again illuminating Katie's left and Zak's right. This should symbolise how they need each others to be fully lit up, or happy.</p>
