I think that the video is pretty dope. But mate
you need to fill those gaps in near the end
because it's not fun watching a black screen.

Cameron

I love that pan shot of the plane as an opening shot. It's so sick!! But some of the shots are trembling slightly:///

YO KRIS 🙄 The video looks pretty professional tbf and it clearly proves you guys are creative as Tarantino. You need to work on the narrative because it is still slightly confusing 🖐️ 🖐️

Hello:) I really like the fact you have such cool locations and shots which is visually pleasing. However the quality of the shot of the life buoy isn't as good as the rest of the video👁👁👁

Monica

I really like that end tracking shot!! It makes me feel so guilty for him:(and it really intensifies the situation 😊 However I can hear some of the ambience in the background still in some shots 😞
